

- Our exhibits feature artifacts and historical items from Kanonji's past, including agricultural tools and items from daily life.
- Our collection also includes objects unearthed from various ruins and archaeological sites in the Kanonji area.
- We also have an extensive collection of local flora and fauna, as well as insects, natural objects, and astronomical data.
- Several important cultural properties, both tangible and intangible, are also commemorated in various displays.
- Our museum includes two hands-on areas. Visitors are able to try using old farm implements and other old-fashioned items. Please contact us ahead of time if you wish to try our hands-on activities.
- We also have a display of wartime memorabilia in the hope that peace will prevail in the future.

OPEN 9 am to 5 pm (Last admission at 4:30)
